Product highlights

200W RMS total output power

Compatible with WMA and MP3 CD

Digital Sound Control
Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classic controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.

MAX Sound
MAX Sound technology produces an instant boost in bass, maximizing volume performance and instantly creating the most impressive listening experience with just the touch of a button. Its sophisticated electronic circuitry calibrates existing sound and volume settings, instantly boosting bass and volume to maximum levels without distortion. The end result is a noticeable amplifying of both sound spectrum and volume and a potent audio boost that will add mileage to any music.

MP3 link for portable music
MP3 link allows direct playback of MP3 files from your portable media player on your audio system. Simply connect your portable media player to the built-in MP3 link jack on an audio system and enjoy your MP3 music in superior sound quality.
